UV-C 254 NM

# GUA P Germicidal Upper Air Pendant

## Features:

- Upper air germicidal 254nm UVC illumination
- Low-wattage, ozone-free GUVT8 lamp reduces airborne pathogens
- Electronic ballast specifically matched to lamps for optimal performance and lifetime
- When mounted at the specified height, UVC light will not come into contact with humans and pets
- Easy re-lamping process
- Optional AirFocus fans increase air flow into the path of irradiation to help maximize germicidal potential

## Applications:

Suitable for most commercial and institutional applications

- Lobbies
- Hallways
- Offices
- Bathrooms
- Conference rooms
- Hotels
- Retail
- Excellent solution to add UVGI remediation for constructed spaces

## Predicted Lifetime:

- Lamp life: 18,000 hours

## Construction:

- Housing constructed of durable cold rolled steel with a silver (standard), white or black powder coat finish
- Stainless steel housing optional
- Polished aluminum reflector optimized for dispersion of UVC wavelength for irradiation of pathogens

## Warranty:

- 3 year limited system warranty - excludes lamps
- Lamps covered under manufacturer warranty

**Caution:** Potentially hazardous situation. Do not ascend into the path of irradiation emitted from this product. Make sure unit is powered off before climbing ladders, stairs, etc., or in any other situation where you are above the mounting height of the unit. At 254nm, direct UVC irradiation is not safe for humans. Avoid looking directly at the light and take necessary precautions during installation or maintenance of this product. Lamps used in this product contain mercury. Each product ships with warning labels on the fixture and safety handling guides in the cartons. Please read and heed all safety instructions before using this product. Visit [www.lumenfocus.com/uvfocus-safety](http://www.lumenfocus.com/uvfocus-safety) for more safety information.

UVFOCUS

## Ordering Guide:

example: GUA P 4 1 36 GUVT8 UNV W

Series	Mounting	Size	# of Lamps	Wattage	Lamp Type	Voltage	Finish	-	Options
GUA	P	4	1	36	GUVT8	UNV		-	
GUA	P	4	1	36	GUVT8	UNV	S (standard) W B SS		Blank AF

<b>Mounting:</b>	P	Pendant	<b>Voltage:</b>	UNV	120-277V
<b>Length:</b>	4	4'	<b>Finish:</b>	S	Silver (Standard)
<b># of Lamps:</b>	1	1		W	White
<b>Wattage:</b>	36	36W		B	Black
<b>Lamp Type:</b>	GUVT8	GUVT8	<b>Options:</b>	SS	Stainless steel
				Blank	None
				AF	AirFocus - Fans for increased air flow into the upper zone

**Note:** UVFocus products are designed utilizing proven germicidal and anti-bacterial technology. UVC 254nm products work to deactivate most common viruses (as well as bacteria, molds and yeasts), and 405nm near-UV products are shown to substantially reduce bacterial presence. While these products can be considered disinfecting products, they should be used in conjunction with standard, proper disinfecting cleaning procedures to have the greatest impact for maintaining a clean environment. Successful UV disinfection requires a systems approach taking into account dose, optics and safety relevant to the specific application. Please consult with factory any questions or concerns.
